Nathaniel enlisted in the 1st Newfoundland Regiment on 16 April 1915 (The Regiment had not yet received the designation "Royal"). He was 20 years old and a printer by trade.

The picture painted of Nathaniel in his Attestation (enlistment) papers is that he stood 5 feet 7 inches tall, weighed 125 lbs, had a fair complexion with light brown hair and blue eyes. He had a distinguishing scar on his right shoulder. He gave his religious denomination as Roman Catholic.

Nathaniel would serve in WW I for a total of 1391 days or three (3) years and two hundred eighty-two (282) days.

His service record has some twenty-five (25) or more entries, so the dated entries to follow are some but not all of his official service record.

During his service, Nathaniel requested and was granted permission to marry, a young lady by the name of Jessie Irvine Hanson of Paisley, Scotland became Mrs. Butler in late 1918.

In his service record are numerous letters regarding his wife and the provision of passage for her to Newfoundland. It all seems to have worked out since the 1921 Newfoundland census finds Nathaniel and Jessie in St. John’s, Newfoundland living on Lime Street.

Apart from that one notation, the two do not appear in Newfoundland in any other documentation.

It seems they moved to the United States of America sometime after 1921 and before the next general census of 1945.

They are located in the 1940 General Federal Census living in New York. Leonard Street New York, Kings, New York to be precise. Nathaniel has found work as a printer and is a naturalized citizen, Jessie is a homemaker and mother of three (3) girls, Eleanor, Elizabeth and Evelyn, all born in the U.S.

The Butler’s were residents in the same place in 1935 as noted in the census entry log.

Nathaniel Passed away in March 1952 and Jessie in 1974. They are buried in The Evergreens Cemetery, Brooklyn, New York.
